Sir,

Greetings from bauma CONEXPO INDIA!

We take this opportunity to invite you and your team to **bauma CONEXPO INDIA 2023**, an international trade fair for "**construction machinery, building material machines, construction & mining vehicles**". This prestigious trade show has a long history of bridging demand and supply side communities in the construction equipment industry, both in India and abroad. Over the years, **bauma CONEXPO INDIA** has been successfully unlocking the sector's potential through meaningful partnerships and trade deals for over 10 years now.

bauma CONEXPO INDIA

31 Jan. - 03 Feb. 2023

India Expo Centre, Greater Noida / Delhi NCR

bauma CONEXPO INDIA 2023

Infrastructure investments are a key enabler of economic growth, and the Government of India's ambitious targets of making India a multi-trillion-dollar economy by 2026 offer unprecedented opportunities for the country's construction and infra development ecosystem. With over \$1 trillion committed towards critical projects for connectivity, power generation and urban development, there has never been a more opportune time for the construction equipment industry to participate and co-create the India growth story.

As one of the largest trade fairs for construction vehicles and equipment, **bauma CONEXPO INDIA 2023** is proud to bring together all the key stakeholders and decision makers in this industry under one roof. Get ready for four days of vibrant experiences with technology displays, high-level conferences, government participation, and live action demo areas. If you want to watch a simulation of nation building in action, visit **bauma CONEXPO INDIA 2023!**

Industry Testimonials

Infrastructure investment in any country has a multiplier effect on the economy, and to that extent, we believe that the government's focus in driving infrastructure investment is a great starting point for our industry. It will definitely generate higher demand for our equipment, and we are confident that the Indian industry will grow three times in the next 10 years to become the second largest market in the world.

We are happy to collaborate with bauma CONEXPO INDIA 2023 and are looking forward to more dynamic partnerships during four days of the exhibition and conferences. This platform has proved to be a vibrant meeting place of ideas and innovators in the past and thus, we are excited for the upcoming edition in 2023!

Shri. Dimitrov Krishnan,
President, Indian Construction
Equipment Manufacturers'
Association (ICEMA)

The construction industry accounts for approx. 8% of India's GDP, and is the second largest employer, generating over 50 million jobs. The Indian construction segment is expected reach a total valuation of about \$1.4 trillion. Along with aggressive investment and regulatory support, the industry needs to adopt next-gen construction equipment technology to achieve its ambitious targets and improve Indian competitiveness on the global stage. In this regard, bauma CONEXPO INDIA has been serving the Indian construction equipment industry by bridging demand and supply side stakeholders and unlocking business opportunities for both large and small-sized companies in the CE industry.

Shri. Niimesh Paatel,
President,
Builders Association of India (BAI)

This is an exciting time for India's construction sector as investments and initiatives from both Union and State governments is on an upswing. The forecast looks buoyant for the next four years, growing at an expected CAGR of 9.5% between 2022-26. To realise all this growth potential, futuristic construction technology is the need of the hour.

Globally competitive CE machinery can help execute complex projects on time and within budgets. Hence, trade shows of the calibre of bauma CONEXPO INDIA 2023 are critical in enabling the CE industry to access such technologies and best practices. Over the years, bauma CONEXPO INDIA 2023 has emerged as a trusted platform that never fails to deliver the industry's expectations.

Shri Arvind Garg
Sr. Executive Vice President & Head,
Construction & Mining Machinery Business,
Larsen & Toubro Limited

India is making great leaps in all areas of technology, and the support system can help this growth. Construction and infrastructure are vital for the development of all sectors of the economy. Innovation, research and technology, and conversion of knowledge into wealth are the three key elements propelling India to the \$5 trillion GDP goal. bauma CONEXPO INDIA has been playing a pivotal role in promoting new construction technologies. I am sure bauma CONEXPO INDIA 2023 will further encourage mechanisation of construction processes across India, especially in the Northern States. Hence, I congratulate the organisers and extend my best wishes for the success of bauma CONEXPO INDIA 2023.

Shri Nitin Gadkari

Hon'ble Minister, Road Transport & Highways,
Government of India

Despite many global challenges, India is on a firm growth path as indicated by our Government's commitment towards the Gati Shakti Yojana with a total investment of over Rs. 100 lakh crore. Currently, we have one of the highest rates of highway construction in the world. Indians will surely see the benefits of this fast-paced development in the years to come. To realise India's full potential as a construction and manufacturing hub, the industry needs to actively converge to solve the key challenges confronting this sector. Hence, trade shows of the standards of bauma CONEXPO INDIA are essential towards taking Indian construction to the global stage of leadership. Wishing you success for bauma CONEXPO INDIA 2023.

General (Dr.) V. K. Singh

Hon'ble Minister of State for Road Transport, Highways; and Civil Aviation,
Government of India

bauma CONEXPO INDIA trade fair is one of the key events which addresses the infrastructure sector, a key driver of the Indian economy. I am happy that the organizers chose Greater Noida, Uttar Pradesh for this event. The state has a well-developed social, physical, and industrial infrastructure. The state has witnessed a high rate of infrastructure growth in the recent past. We look forward to this industry gathering.

Shri. Arvind Kumar, IAS,

Additional Chief Secretary, Department of Infrastructure & Industrial Development,
IT & Electronics, Government of Uttar Pradesh

Getting to India Expo Mart

India Expo Mart is located in Greater Noida, near the JP Golf Course and within easy reach of central Delhi and the international airport on the new 8-lane Greater Noida Expressway. It is also easily accessible via metro, personal and public transport.

**INDIRA GANDHI
INTERNATIONAL AIRPORT**
60-90 mins

**METRO RAIL
CONNECTIVITY**

**8-LANE
GREATER NOIDA
EXPRESS HIGHWAY**

**YAMUNA
EXPRESSWAY**

ROUTE 1

Via Ring Road New Delhi

Take the DND(Noida Toll) bridge and approach Greater Noida exit after the toll booths.
Continue past Film City and onto the Expressway

ROUTE 2

**Via Mathura Road -
Apollo Hospital - Kalindi Kunj**

Take the DND(Noida Toll) bridge and approach Greater Noida exit after the toll booths.
Continue past Film City and onto the Expressway

ROUTE 3

**Via Ghaziabad - NH24 -
Mayur Vihar**

Take the DND(Noida Toll) bridge and approach Greater Noida exit after the toll booths. Continue past Film City and onto the Expressway

Via Metro

Travel hassle-free

Nearest Metro Station is Knowledge Park II (Aqua Line)

WHY ATTEND

bauma CONEXPO INDIA 2023

- **4 days** of Networking & Engagement
- Source **10000+ Products & Solutions**
- **5000+** Buyer-Seller Meetings
- **600+ Suppliers** offering Competitive Solutions
- Explore New Technologies from **20+ Participating Countries**
- Gain access to **20+ Technical Sessions**

PROGRAMS THAT PROMOTE BUSINESS

Conferences on tech innovations, policy landscape, export promotion, and sustainability

Buyer-Seller meetings in a focussed environment that promotes real deals

Experience innovative and ground-breaking applications of machines and vehicles at bauma - live in action, vivid and practical

Industry Profile*

- Contractors
- Developers / Investors / Builders
- Government / Ministers / Public sector undertakings
- Mining companies
- Financial / Leasing companies
- Manufacturers
- Rental companies
- Distributors / Retailers
- Associations
- Port companies
- Oil refineries
- Power plants
